This comprehensive text provides an overview of law enforcement topics, integrating major empirical findings and theory-based research findings in the field with a thorough analysis of contemporary policing problems. The issues-oriented discussion focuses on critical concerns facing American police, including personnel systems, organization and management, operations, discretion, use of force, culture and behavior, ethics and deviance, civil liability and police-community relations. A critical assessment of police history and the role politics played in the development of American police institutions is offered. Globalization, terrorism and homeland security are addressed. Video links provide additional coverage of topics discussed in the text. Now in full color, with color photographs and illustrations. Video links provide additional coverage of topics discussed in the text. Key concepts, internet links, charts and tables support the text throughout. Includes a glossary.

Ranging from the middle of the eighteenth through to the end of the nineteenth century, Crime and Society in England, 1750-1900 explores the developments in policing, the courts and the penal system as England became increasingly industrialised and urbanised. Through a consideration of the difficulty of defining crime, the book presents criminal behaviour as being intrinsically tied to historical context and uses this theory as the basis for its examination of crime within English society during this period. In this fifth edition Professor Emsley explores the most recent research, including the increased focus on ethnicity, gender and cultural representations of crime, allowing students to gain a broader view of modern English society. Divided thematically, the book’s coverage includes: the varying perceptions of crime across different social groups crime in the workplace the concepts of a ‘criminal class’ and ‘professional criminals’ the developments in the courts, the police and the prosecution of criminals. Thoroughly updated to address key questions surrounding crime and society in this period, and fully equipped with illustrations, tables and charts to further highlight important aspects, Crime and Society in England, 1750-1900 is the ideal introduction for students of modern crime.
transform our lives as individuals and as members of society? How does our social world shape us? How do we shape our world? Discover Sociology presents sociology as a discipline of curious minds. The authors inspire curiosity about the social world and empower students by providing the theoretical, conceptual, and empirical tools they need to understand, analyze, and even change the world in which they live. Organized around four main themes—The Sociological Imagination, Power and Inequality, Technological Transformations of Society, and Globalization—the book illuminates the social roots of diverse phenomena and institutions, ranging from poverty and deviance to capitalism and the nuclear family. "Behind the Numbers" features illustrate the practical side of sociology and shows students how to be critical consumers of social science data reported in the media. And every chapter addresses the question, "What can I do with a sociology degree?" by linking the knowledge and skills acquired through studying sociology with specific jobs and career paths. Sharing knowledge in policing remains a significant challenge for police forces around the world. This unique book sets out the conceptual framework for knowledge management and explains how a greater understanding of the subject can help policing at an operational level. The first book in the area to make knowledge management accessible to the police, this text includes many case studies to apply the subject to real life situations.

This third edition of the popular and highly acclaimed text, The Politics of the Police, has been updated to take account of recent and profound changes in the law, policy, and organization of policing. It examines the complex and highly-charged debates surrounding this topic, including recent controversies and developments that have shaped public opinion about the police.

Proactive policing, as a strategic approach used by police agencies to prevent crime, is a relatively new phenomenon in the United States. It developed from a crisis in confidence in policing that began to emerge in the 1960s because of social unrest, rising crime rates, and growing skepticism regarding the effectiveness of standard approaches to policing. In response, beginning in the 1980s and 1990s, innovative police practices and policies that took a more proactive approach began to develop. This report uses the term "proactive policing" to refer to all policing strategies that have as one of their goals the prevention or reduction of crime and disorder and that are not reactive in terms of focusing primarily on uncovering ongoing crime or on investigating or responding to crimes once they have occurred. Proactive policing is distinguished from the everyday decisions of police officers to be proactive in specific situations and instead refers to a strategic decision by police agencies to use proactive police responses in a programmatic way to reduce crime.
proactive policing strategies are used widely in the United States. They are not isolated programs used by a select group of agencies but rather a set of ideas that have spread across the landscape of policing. Proactive Policing reviews the evidence and discusses the data and methodological gaps on: (1) the effects of different forms of proactive policing on crime; (2) whether they are applied in a discriminatory manner; (3) whether they are being used in a legal fashion; and (4) community reaction. This report offers a comprehensive evaluation of proactive policing that includes not only its crime prevention impacts but also its broader implications for justice and U.S. communities.

Understanding the politics of security in city-regions is increasingly important for the study of contemporary policing. This book argues that national and international governing arrangements are being outflanked by various transnational threats, including the cross-border terrorism of the attacks on Paris in 2015 and Brussels in 2016; trafficking in people, narcotics and armaments; cybercrime; the deregulation of global financial services; and environmental crime. Metropolises are the focal points of the transnational networks through which policing problems are exported and imported across national borders, as they provide much of the demand for illicit markets and are the principal engines generating other policing challenges including political protest and civil unrest. This edited collection examines whether and how governing arrangements rooted in older systems of national sovereignty are adapting to these transnational challenges, and considers problems of and for policing in city-regions in the European Union and its single market. Bringing together experts from across the continent, Policing European Metropolises develops a sociology of urban policing in Europe and a unique methodology for comparing the experiences of different metropolises in the same country. This book will be of value to police researchers in Europe and abroad, as well as postgraduate students with an interest in policing and urban policy.

The Rowman & Littlefield Handbook of Policing, Communication, and Society brings together well-regarded academics and experienced practitioners to explore how communication intersects with policing in areas such as cop-culture, race and ethnicity, terrorism and hate crimes, social media, police reform, crowd violence, and many more. By combining research and theory in criminology, psychology, and communication, this handbook provides a foundation for identifying and understanding many of the issues that challenge police and the public in today’s society. It is an important and comprehensive analysis of the enormous changes in the roles of gender in society, digital technology, social media, and organizational structures have impacted policing and public perceptions about law enforcement.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For courses in Police Community Relations or Community Policing An up-to-date, interdisciplinary approach to understanding and practicing positive police-community relations Police-Community Relations and the Administration of Justice, Ninth Edition, continues the theme of citizen participation, emphasizes why it is critical to the effectiveness of the criminal justice system, and addresses the dynamic nature of police-community relations. The book focuses on the importance of and strategies for positive police-community interactions and addresses the internal and external communities the police serve. The text's interdisciplinary approach draws data and discussions from a wide range of disciplines and gives students a well-rounded perspective to help them better understand and practice positive police-community relations. The Ninth Edition includes updated data and references throughout; new ideas for addressing the ongoing changes in police-community relations; new insights on how the police organization fits with the community it serves; enhanced information on the dynamics of policing realities; a look at the different levels of communication and how to improve communications; the relationships
between the media and the police; and more.

A reader to accompany the textbook Policing Urban America, the pair emphasizing the importance of involving community members in decisions concerning law enforcement, including tasks, objectives, and goals. Some articles have been updated from the 1997 third edition (first in 1989) and some new ones have been added. c. Book News Inc.

Gain a practical and comprehensive understanding of the juvenile justice system with JUVENILE JUSTICE, Fifth Edition. Highly accessible and student friendly, this text explores various programs and processes that exist in today’s juvenile justice system, including prevention efforts through school and community-based programs. The fifth edition also includes expanded coverage of measurement, victimization, differences between the adult and juvenile justice systems, diversity, gangs, future trends in the field, cutting-edge policies, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A decade after its first publication, Class, Race, Gender, and Crime remains the only authored book to systematically address the impact of class, race, and gender on criminological theory and all phases of the criminal justice process. The new edition has been thoroughly revised, for easier use in courses, and updated throughout, including new examples ranging from Bernie Madoff and the recent financial crisis to the increasing impact of globalization.

In the field of law enforcement in the United States, it is essential to know the contemporary problems being faced and combine that knowledge with empirical research and theoretical reasoning to arrive at best practices and an understanding of policing. Policing in America, Eighth Edition, provides a thorough analysis of the key issues in policing today, and offers an issues-oriented discussion focusing on critical concerns such as personnel systems, organization and management, operations, discretion, use of force, culture and behavior, ethics and deviance, civil liability, and police-community relations. A critical assessment of police history and the role politics played in the development of American police institutions is also addressed, as well as globalization, terrorism, and homeland security. This new edition not only offers updated research and examples, it also incorporates more ways for the reader to connect to the content through learning objectives, discussion questions, and "Myths and Realities of Policing" boxes. Video and Internet links provide additional coverage of important issues. With completely revised and updated chapters, Policing in America, Eighth Edition provides an up-to-date examination of what to expect as a police officer in America. In full color, including photographs and illustrations Video links provide additional coverage of topics discussed in the text Learning objectives, critical thinking questions, and review questions in every chapter help to reinforce key concepts Updated figures and “Myths and Realities of Policing boxes provide important context Includes all-new content, such as further coverage of violent crime reduction programs, gangs, and drug use Access to student and instructor ancillaries, including Self-Assessments, Case Studies, Test Bank, and PowerPoint Lecture Slides

Robert Welch was the founder of the John Birch Society, a conservative advocacy group supporting anti-communism and limited government. This book is a transcript of Robert Welch’s two-day presentation of the background, methods and purposes of the John Birch Society, as given at the founding meeting in Indianapolis on December 8-9, 1958. The book became a cornerstone of the Society’s beliefs, with each new member receiving a copy. This Fifth Edition include two previous Forewords and a Postscript from earlier editions (1959 and 1961), as well as a new Postscript dated March 15, 1961.
Analyzes the causes, legal response, and impact of white-collar crime has on society. This new edition includes case studies on the tobacco industry and consumer fraud.

The author's sociological approach is based on his fieldwork--observing, interviewing, & sharing the day-to-day experiences of police in both the United States & the United Kingdom.

Discussion Questions; Suggested Reading; CHAPTER 2 The Nature of Police Work; The Evolution of Police Work; Police Discretion; Crime Control, Order Maintenance, or Social Service?; The Core of the Police Role; The Skill of Policing; While on Routine Patrol; Management Implications; Summary; Discussion Questions; Suggested Reading; CHAPTER 3 Police Goals and Systems; The Purposes of the Police; The Systems Concept; The Police Organization as a System; Summary; Discussion Questions; Cases; Suggested Reading; CHAPTER 4 Police Organizational Tasks; The Operations Subsystem

Now with SAGE Publishing, The Will to Kill: Making Sense of Senseless Murder explores extraordinary and seemingly inexplicable cases of homicide—not to sensationalize them—but to educate you about these crimes. Authored by renowned experts, the Fifth Edition places recent crimes in context by reviewing current homicide laws, introducing the latest theories that seek to explain murder, and presenting up-to-date statistical data that identify homicide patterns and trends. You will develop a foundational understanding of a variety of topics, for example, domestic and workplace homicide, cult and hate killings, murders committed by juveniles, and serial slayings. You will also examine various criminal justice responses to homicide, including the strategies and tactics employed to apprehend, prosecute, and punish killers. New to the Fifth Edition Up-to-date research and data offers you the latest statistics on homicide patterns and trends in recent years. New illustrative cases cover various forms of homicide, focusing on crimes that drew significant interest from the public and policymakers alike and provide you with unique insights into violent behavior. Updated coverage of recent controversies, legislative changes, and Supreme Court decisions includes heightened concern over mass shootings, hate-motivated homicide and terrorism; new laws, shifting policies, and Supreme Court rulings pertaining to gun rights, juvenile offenders and the death penalty; and advances in surveillance technology, computer-aided investigation, and DNA forensic testing. Early introduction of theories helps you to understand the definition of homicide/homicide laws before developing a theoretical framework to explain violence.

Now in its fifth edition, Police & Society offers a descriptive and analytical look at the process of policing, from police behavior and organization to operations and historical perspectives. Focusing on the relationship between the police and the community and how it has changed throughout the years, Roy Roberg, Kenneth Novak, Gary Cordner, and new coauthor Brad Smith explore the most important theoretical foundations and incisive research on contemporary policing practices. Features of the Fifth Edition * Discussion of many new topics including procedural justice, recruitment strategies for females and minorities, social media/social networking, and predictive policing * Enhanced coverage of criminal procedure, officer stress and safety, intimate partner violence, brutality/extralegal police aggression, and more * Expanded glossary of key terms * Engaging boxed features: "Inside Policing" boxes that discuss real-world police issues and "Voices From the Field" interviews--six of which are new to this edition--with nationally recognized experts * Superior supplements: A revised and expanded Instructor's Manual and an interactive Student Study Guide on CD (packaged with the text)

Nearly all research devoted to policing focuses on public uniformed police and their legal use of force. An overwhelming amount of this work draws on evidence from Anglo-American police forces. These twin emphases have led to a limited view. Agencies such as criminal investigation units, intelligence services, private security companies, and
military policing organizations have almost entirely escaped scholarly attention. In The Policing Web, Jean-Paul Brodeur looks at policing as a whole. He illuminates its full diversity, showing how it extends far beyond the confines of public police working in uniform and visible to all. Brodeur considers military policing, both when it complements the values of democracy and when it does not. He also discusses criminal individuals acting as police informants, and criminal organizations enforcing their own rules in urban zones deserted by the police. Brodeur argues that the diverse strands of the policing web are united by a common definition that emphasizes the license granted to policing agencies-legally or with impunity- to use means otherwise forbidden to the rest of the population. Employing an international and comparative approach, Brodeur establishes a comprehensive model that links all the components of policing. The policing web, however, is not a neat and well-integrated structure. There is not just one policing web. There are several, depending on the country, police history and culture, and the various public images of policing. These often overlooked factors are essential components of the context of policing. Wide-ranging and authoritative, The Policing Web expands the very idea of what policing is and how it works, and presents a novel yet fundamental understanding of law enforcement.

The fifth edition of the popular and highly acclaimed The Politics of the Police has been completely revised, expanded, and updated to take in recent changes in the law, policy, and organization of policing. Benjamin Bowling, Robert Reiner, and James Sheptycki, regarded as leading figures in the field, draw upon the findings of police research to provide readers with a stimulating and insightful discussion of the debates and controversies that surround the police, and analyse the proposals for reform. Covering a wide range of empirical and theoretical issues, this book is transnational in scope and reflects the growing diversity of policing forms in today's globalized world.

Ranging from the middle of the eighteenth through to the end of the nineteenth century, Crime and Society in England, 1750-1900 explores the developments in policing, the courts and the penal system as England became increasingly industrialised and urbanised. Through a consideration of the difficulty of defining crime, the book presents criminal behaviour as being intrinsically tied to historical context and uses this theory as the basis for its examination of crime within English society during this period. In this fifth edition Professor Emsley explores the most recent research, including the increased focus on ethnicity, gender and cultural representations of crime, allowing students to gain a broader view of modern English society. Divided thematically, the book's coverage includes: the varying perceptions of crime across different social groups crime in the workplace the concepts of a 'criminal class' and 'professional criminals' the developments in the courts, the police and the prosecution of criminals. Thoroughly updated to address key questions surrounding crime and society in this period, and fully equipped with illustrations, tables and charts to further highlight important aspects, Crime and Society in England, 1750-1900 is the ideal introduction for students of modern crime.

Law professor James J. Duane became a viral sensation thanks to a 2008 lecture outlining the reasons why you should never agree to answer questions from the police--especially if you are innocent and wish to stay out of trouble with the law. In this timely, relevant, and pragmatic new book, he expands on that presentation, offering a vigorous defense of every citizen's constitutionally protected right to avoid self-incrimination. Getting a lawyer is not only the best policy, Professor Duane argues, it's also the advice law-enforcement professionals give their own kids. Using actual case histories of innocent men and women exonerated after decades in prison because of information they voluntarily gave to police, Professor Duane demonstrates the critical importance of a constitutional right not well or widely understood by the average American. Reflecting the most recent attitudes of the Supreme Court, Professor Duane argues that it is now even easier for police to use your own words against you. This lively and informative guide
explains what everyone needs to know to protect themselves and those they love.

A heartbreaking and powerful story about a black boy killed by a police officer, drawing connections through history, from award-winning author Jewell Parker Rhodes. Only the living can make the world better. Live and make it better. Twelve-year-old Jerome is shot by a police officer who mistakes his toy gun for a real threat. As a ghost, he observes the devastation that's been unleashed on his family and community in the wake of what they see as an unjust and brutal killing. Soon Jerome meets another ghost: Emmett Till, a boy from a very different time but similar circumstances. Emmett helps Jerome process what has happened, on a journey towards recognizing how historical racism may have led to the events that ended his life. Jerome also meets Sarah, the daughter of the police officer, who grapples with her father's actions. Once again Jewell Parker Rhodes deftly weaves historical and socio-political layers into a gripping and poignant story about how children and families face the complexities of today's world, and how one boy grows to understand American blackness in the aftermath of his own death.

The social construction of crime is often out of proportion to the threat posed. The media and advocacy groups shine a spotlight on some crimes and ignore others. Street crime is highlighted as putting everyone at risk of victimization, while the greater social harms from corporate malfeasance receive far less attention. Social arrangements dictate what is defined as crime and the punishments for those who engage in the proscribed behavior. Interest groups promote their agendas by appealing to public fears. Justifications often have no basis in fact, but the public accepts the exaggerations and blames the targeted offenders. The net-widening effect of more laws and more punishment catches those least able to defend themselves. This innovative alternative to traditional textbooks provides insightful observations of myths and trends in criminal justice. Fourteen chapters challenge misconceptions about specific crimes or aspects of the criminal justice system. Kappeler and Potter dissect popular images of crimes and criminals in a cogent, compelling, and engaging manner. They trace the social construction of each issue and identify the misleading statistics and fears that form the basis of myths—and the collateral damage of basing policies on mythical beliefs. The authors encourage skepticism about commonly accepted beliefs, offer readers a fresh perspective, and urge them to analyze important issues from novel vantage points.

Police in America provides students with a comprehensive and realistic introduction to modern policing in our society. Utilizing real-world examples grounded in evidence-based research, this easy-to-read, conversational text helps students think critically about the many misconceptions of police work and understand best practices in everyday policing. Respected scholar and author Steven G. Brandl draws from his experience in law enforcement to emphasize the positive aspects of policing without sugar-coating the controversies of police work. Brandl tackles important topics that center on one question: “What is good policing?” This includes discussions of discretion, police use of force, and tough ethical and moral dilemmas—giving students a deeper look into the complex issues of policing to help them think more broadly about its impact on society. Students will walk away from this text with a well-developed understanding of the complex role of police in our society, an appreciation of the challenges of policing, and an ability to differentiate fact from fiction relating to law enforcement.

This classic text, now in its fifth edition, is distinguished by its emphasis on social context, social processes, and social structures as part of a broader understanding of the sociology of aging and the life course. Presenting an objective view of the realities of aging both positive and negative, the book examines aging from micro/macro, personal, community, societal, and global perspectives. This fifth edition describes important changes in the field of social gerontology and growth in such topics as diversity, global aging, and the life course. It addresses major shifts in public policy, social institutions,
and aging-related programming initiatives. There is a strong focus on the changing landscape of aging, particularly in regard to social engagement, employment and lifelong learning, enhanced health and independence, and livable communities for people of all ages. Additionally, the book includes new information on the Affordable Care Act, and end-of-life issues.

Introduction to Policing, Third Edition continues to focus on the thought-provoking, contemporary issues that underscore the challenging and rewarding world of policing. Steven M. Cox, Susan Marchionna, and experienced law enforcement officer Brian D. Fitch balance theory, research, and practice to give students a comprehensive, yet concise, overview of both the foundations of policing and the expanded role of today's police officers. The accessible and engaging writing style, combined with stories from the field, make policing concepts and practices easy for students to understand and analyze. Unique coverage of policing in multicultural communities, the impact of technology on policing, and extensive coverage of policing strategies and procedures — such as those that detail the use of force — make this bestselling book a must-have for policing courses.

Understanding case law in high-liability areas and performing the job within a legal framework places a criminal justice agency in the best position to defend against a lawsuit. This handbook addresses the problems confronting criminal justice practitioners and their agencies due to the ever-increasing number of civil liability lawsuits. It introduces the reader to civil liability generally and the federal law specifically, while indicating the steps that can be taken to minimize the risk of litigation. Civil Liability in Criminal Justice is one of very few texts on the subject that combines applicable case law and related liability research, a valuable feature for current and future policy makers and managers. Ross also provides an overview of current case law in high-liability areas, enhancing student knowledge and practitioner job performance.

Policing and Society: A Global Approach covers a wide range of topics related to policing, with strong sociological analysis and an emphasis on global concepts and issues. This well-organized, reader-friendly book includes comprehensive coverage of important issues such as police corruption, use of excessive force, and police subculture. The book's unique international approach includes guest-written International Perspectives and various case studies, examples, and analogies illustrating policing here and in other countries. Students are able to compare and understand policing methods, challenges, and solutions across nations and cultures and develop a broader outlook on law enforcement worldwide. Policing and Society: A Global Approach reflects the current state of policing and where the forefront of policing will be in the coming years. With this book, students not only develop an understanding of law enforcement on a local, regional, and national level, but also gain a deeper appreciation of issues on a larger scale, in the international community. The text's combined global and sociological perspective provides students with the knowledge and competence to better understand global law enforcement issues in a post 9/11-era. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Covering criminal justice history on a cross-national basis, this book surveys criminal justice in Western civilization and American life chronologically from ancient times to the present. It is an introduction to the historical problems of crime, law enforcement and penology, set against the background of major historical events and movements. Integrating criminal justice history into the scope of European, British, French and American history, this text provides the opportunity for comparisons of crime and punishment over boundaries of national histories. The text concludes with a chapter that addresses terrorism and homeland security. * Spans all of western history, and examines the core beliefs about human nature and society that informed the development of
criminal justice systems. The fifth edition gives increased coverage of American law enforcement, corrections, and legal systems. Each chapter is enhanced with supplemental "Timeline," "Time Capsule," and "Featured Outlaw" boxes as well as discussion questions, notes and problems. Contains discussion questions, notes, learning objectives, key terms lists, biographical vignettes of key historical figures, and "History Today" exercises to engage the reader and encourage critical thinking.

A new study of the personal, political, and institutional impacts of social movements.

Accountability of Policing provides a contemporary and wide-ranging examination of the accountability and governance of ‘police’ and ‘policing’. Debates about ‘who guards the guards’ are among the oldest and most protracted in the history of democracy, but over the last decade we have witnessed important changes in how policing and security agencies are governed, regulated and held to account. Against a backdrop of increasing complexity in the local, national and transnational landscapes of ‘policing’, political, legal, administrative and technological developments have served to alter regimes of accountability. The extent and pace of these changes raises a pressing need for ongoing academic research, analysis and debate. Bringing together contributions from a range of leading scholars, this book offers an authoritative and comprehensive analysis of the shifting themes of accountability within policing. The contributions explore questions of accountability across a range of dimensions, including those ‘individuals’ and ‘institutions’ responsible for its delivery, within and between the ‘public’ and ‘private’ sectors, and at ‘local’, ‘national’ and ‘transnational’ scales of jurisdiction. They also engage with the concept of ‘accountability’ in a broad sense, bringing to the surface the various meanings that have become associated with it and demonstrating how it is invoked and interpreted in different contexts. Accountability of Policing is essential reading for academics and students involved in the study of policing, criminal justice and criminology and will also be of great interest to practitioners and policymakers.

The contributions in this book examine ethical dilemmas pertaining to the administration of criminal justice and professional activities in the field. Comprehensive coverage is achieved through focus on law enforcement, legal practice, sentencing, corrections, research, crime control policy and philosophical issues. The seventh edition includes three new chapters focusing on deception in police interrogation; using ethical dilemmas in training police; and terrorism and justice. Essays are enhanced with case studies and exercises designed to stimulate critical and creative thinking regarding ethical issues in crime and justice. Discussion questions and lists of key concepts focus readers and help them to understand ethics in the context of the criminal justice system.

Finalist for the International Booker Prize and the National Book Award A haunting Orwellian novel about the terrors of state surveillance, from the acclaimed author of The Housekeeper and the Professor. On an unnamed island, objects are disappearing: first hats, then ribbons, birds, roses. . . . Most of the inhabitants are oblivious to these changes, while those few able to recall the lost objects live in fear of the draconian Memory Police, who are committed to ensuring that what has disappeared remains forgotten. When a young writer discovers that her editor is in danger, she concocts a plan to hide him beneath her f loorboards, and together they cling to her writing as the last way of preserving the past. Powerful and provocative, The Memory Police is a stunning novel about the trauma of loss. ONE OF THE BEST BOOKS OF THE YEAR THE NEW YORK TIMES * THE WASHINGTON POST * TIME * CHICAGO TRIBUNE * THE GUARDIAN * ESQUIRE * THE DALLAS MORNING NEWS * FINANCIAL TIMES * LIBRARY JOURNAL * THE A.V. CLUB * KIRKUS REVIEWS * LITERARY HUB

The Criminal Justice System: An Introduction, Fifth Edition incorporates the latest developments in the field while retaining the basic organization of previous editions
which made this textbook so popular. Exploring the police, prosecutors, courts, and corrections, including probation and parole, the book moves chronologically through the different agencies in the order in which they are usually encountered when an individual goes through the criminal justice process. New in the Fifth Edition: A complete updating of charts and statistics to reflect the changes the FBI has made to the Unified Crime Reports System Expanded material on the history of law enforcement Additional information on terrorism, homeland security, and its effect on the police New approaches to policing such as Problem-Oriented Policing and Intelligence-Led Policing Cyber crime, identity theft, accreditation, and new approaches to crime analysis New information on prosecution standards, community prosecution, and prosecutorial abuse New emphasis on the concept of jurisdiction and the inter-relation between the courts’ functions and the other branches of the criminal justice system An examination of the dilemma for the courts caused by the intersection of politics, funding, media, and technology New discussions on prisoner radicalization Pedagogical features: Each chapter begins with an outline and a statement of purpose to help students understand exactly what they are supposed to master and why Illustrations to assist in the clarification and further development of topics in the text Each chapter ends with a summary, a list of key terms, and a series of discussion questions to stimulate thought Appendices with the United States Constitution, a glossary of criminal justice terminology, and websites useful in gaining knowledge of the criminal justice system Access to a free computerized learning course based on the book
